

# Petar Djorovic Full Stack Developer

---

**email:** perodjorovic@gmail.com | **linkedin:** linkedin.com/in/petar-djorovic | **github:** github.com/petardjorovic

## Summary

**Full-stack developer** specialized in developing with the **MERN stack**, **Next.js**, and **Supabase**. Seeking a position where I can apply my skills and contribute to the development of innovative web solutions.

## Skills

Programming languages: Javascript (React, Next.js, Node.js), Typescript

Databases: MongoDB, SQL, MySQL

Tools: Git, Postman

## Projects

### The Wild Oasis | July 2025 – August 2025

- **Tech stack:** Next.js, TypeScript, Supabase, NextAuth, Tailwind CSS
- Booking platform for mountain cabins with **Google authentication** via **NextAuth**
- Integrated calendar for checking availability and making reservations
- Users can book cabins based on selected dates and number of guests
- GitHub: [github.com/petardjorovic/BookingsProjectNext](https://github.com/petardjorovic/BookingsProjectNext)

### Blogify | April 2025 – may 2025

- **Tech stack:** React, Redux, Node.js, Express, MongoDB, Mongoose, JWT, Cloudinary, Nodemailer, Tailwind
- Web application for creating, commenting, and liking blog posts
- Image uploads handled via **Cloudinary** and email verification using **Nodemailer**
- Admin can delete all posts and comments, while users can manage only their own
- GitHub: [github.com/petardjorovic/Blogify](https://github.com/petardjorovic/Blogify)

### TechShop | march 2025 – april 2025

- **Tech stack:** React, Redux, Node.js, Express, MongoDB, Mongoose, JWT, Formik, SASS
- Full-stack web application for online shopping with both **user** and **admin dashboards**
- Shopping cart functionality, **Stripe** test payments, and product management
- Implemented user registration, login, and authentication using **JWT**
- GitHub: [github.com/petardjorovic/TechShop](https://github.com/petardjorovic/TechShop)

## Experience

### Senior Accounting Associate | JP Elektrokosmet K.M. | January 2017 – May 2024

- Processed **payroll** calculations, performed **bookkeeping** and maintained accurate financial records
- Prepared **business plans** and assisted in strategic financial planning
- Conducted **spending analysis** to identify cost-saving opportunities

### Accounting Internship | JKP Standard K.M. | September 2015 – August 2016

- Completed a one-year **accounting internship** focused on bookkeeping, and invoice processing

## Education

- Master of Economics | University of Pristina | 2015 | K. Mitrovica, Serbia
- Bachelor of Economics | University of Pristina | 2013 | K. Mitrovica, Serbia
